Distance Learning: Reading Logs

Your assignment is to read for 10-15 minutes a day and then write a summary of what you read. There is a lot of flexibility in what you can read as we didn't get to the library to check out books before this happened. Besides books, you can read magazine articles, forums, internet news, etc. Just keep it school appropriate, please. Then you will write a 3 sentence reflection on what you read. You will complete 20 total reading logs.

I will be checking for your logs and grading your logs WEEKLY. The building is closed, but the working does not stop.

You can text or email me your log each week. Or you can turn in a paper copy of all your logs by **MAY 15TH**. I will not accept any work past **MAY 15TH**. If you text me or email me a picture of your work, PLEASE make sure you can read and see your work before you send it. If I cannot see, read, understand, and grade the picture, then you will not get your points for that log. If you find an article or story on the internet, include a LINK to that story.

GRADING: Your Reading Log is worth 80 points, each reading log worth 10 points.

April 20-24: 2 logs due

April 27-May 1: 2 logs due

May 4-8: 2 logs due

May 11-15: 2 logs due

Total of 8 logs for a total of 80 points

Each log should include the name/title of what you were reading and the pages read. Please have a date and number so you can show me how many you have completed. If you find a story or article on the internet, please include a link.
