

ACC Algebra Distance Learning

Grade Level: 9, 10, 11, 12

Stay safe and healthy.

Mr. James Vaughn

jvaughn@tusd.net

(209) 833-3370 ext. 3111

Office Hours: 10:00 AM to 12:00 PM Monday to Friday

Other hours available if requested

This assignment is to be completed on the Quizizz.com website. Please contact me if you have difficulty logging into your account.

Factoring Binomials

Goals

Students will rewrite simple rational expressions in different forms with at least 70% accuracy in 7 out of 10 trials as measured by student work samples/teacher records.

Standards

A.APR.6 Rewrite simple rational expressions in different forms; write $a(x)/b(x)$ in the form $q(x) + r(x)/b(x)$, where $a(x)$, $b(x)$, $q(x)$, and $r(x)$ are polynomials with the degree of $r(x)$ less than the degree of $b(x)$, using inspection, long division, or, for the more complicated examples, a computer algebra system.

This is a **daily assignment** just as if you were in class. However, you can work at your own pace, and if you miss a day, you will need to make it up the next day.

Your work is due to me weekly (Every Thursday) and I cannot accept late work past May 15th.

Also, I will be checking in with you to see how you are progressing.

GRADING: This entire assignment is worth 200 points, with each lesson worth 10 points.

April 20-24: 5 assignments due

April 27-May 1: 5 assignments due

May 4-8: 5 assignments

May 22-25: 5 assignments

Total of 20 assignments for a total of 200 points
