

Hello my almost sophomore AVID Students!

Just a few short weeks until the end of your freshman year! I want to make sure I'm supporting you as you work on the classes you need to pass this semester and stay on track to be accepted to college in just 3 short years. I know the time away from school has been stressful, but we are getting back to our learning and I need you to really focus and try your best for these next few weeks.

For our class, I will only be asking you fill in the attached Learning Log EVERY WEEK. There are 5 weeks of school, that means you need to turn in 5 learning logs.

To fill in the learning log:

- All boxes must be completed
- "I don't know" or "nothing" is NOT an acceptable answer
- All answers must be in complete sentences, except the last box on the bottom right side.
- Please reflect and think about each of your classes as you fill in the Learning Log, this is meant to help you review and remember the work you are given by each teacher
- You should do this assignment last during the week, make sure all other work is done first
- If you have any questions you can contact me on our Microsoft Team page, on Remind, through Email, or text/call at (707)742-3620

Name: _____

ENGLISH My Teacher for this class is: _____ The current date is: _____	What did you do for this class this week? _____ _____ _____ _____	What is the most important thing to remember about this week's work? _____ _____ _____ _____
Something I needed help with on this week's work was: _____ _____ _____ _____ _____	In the space below, please use one of the provided options to summarize your learning in this class for the week: create a mind map, draw a scene with characters and background, write a short summary paragraph, or draw 5 or more emojis that explain the main idea.
