REMIND (this is how students communicate with me and I with them)

Here is the information for students to communicate with me via REMIND. Again, we have been using REMIND all year but in case a parent or student needs it, here is the information. They **DO NOT** need to download the App but they can if they want to. The easiest way is just to use their text message on their phone:

ENG2 CP (sophomores):

Text this number: 81010

Text this message to me: @7b26bh

EXPO/ERWC (seniors and juniors):

Text this number: 81010

Text this message to me: @expoe
