

Mrs. Bynum
English 4
Periods 3, 4, 6
Assignment: Week 5

Hello everyone. I miss you all, especially as we come to the end of the year and we should all be celebrating together. We WILL have a celebration when we come out the other end of this shelter-in-place, and we'll have even more to celebrate.

AS ALWAYS...

Office Hours: I will be available from 1 p.m. to 3 p.m. Monday through Friday by email (mbynum@tusd.net) or through Remind to answer questions. I may set up a ZOOM meeting during office hours, or at other times, for a little face-to-face instruction, to answer questions that come up, or just to catch up on your lives.

Remind and Schoology: Please be sure to sign up for Remind and Schoology as this is the most convenient and quickest way for me to contact you or for you to text me on my cell phone.

Remind: Text @ed96e6a to 81010

Schoology: FPSP-477R-RQRQ7

WEEK 5: May 18-22

DUE DATE

According to the Tracy Unified School District, “teachers will provide learning opportunities both in digital and print for Week 5. These opportunities will not be graded, and therefore, not factor into 2nd Semester grade calculations.” However, I am hoping you will take the time to reflect on your education and complete the work. Keep these reflections somewhere and take them out in the future and remember your high school years. This is an especially poignant time for the seniors, and these assignments will help you remember and celebrate your accomplishments. Though I won’t be grading it, I would love to see all or parts of this assignment so feel free to share them with me.

Create a scrapbook, shoebox time capsule, or audio or visual recordings with at least 5 of the following:

1. Make a playlist of your favorite songs from your high school years. Record the songs onto some media and briefly explain what these songs mean to you.
2. Make a collage of photos of your favorite people from your high school years. Select people you know, or people you admire from afar. Briefly explain what these people mean to you.
3. Write or record (video or audio) some reflections on the Corona Virus Pandemic and how it affected you.
4. Write or record (video or audio) some reflections on the extra-curricular events you participated on in high school.
5. Write or record (video or audio) some reflections on the best movies that came out during your high school years. Did you like the movies? Why?
6. Who did you hang out with at school? Write or record (video or audio) some reflections about these friends.
7. Make a collage of photos of places around West High that hold memories for you. Briefly explain what these places mean to you.
8. Who were your teachers in school? Write or record some reflections on your memories of them.
9. What were your favorite classes/assignments at West High? Write or record some reflections on your memories of them.
